

ECZEMA'S ITCH IS TORTURE.

Eczeema is caused by an acid humor in the blood coming in contact with the skin and producing great redness and inflammation; little pustular eruptions form and discharge a thin, sticky fluid, which dries and scales off; sometimes the skin is hard, dry and fissured. Eczeema in any form is a tormenting, stubborn disease, and the itching and burning at times are almost unbearable; the acid burning humor seems to ooze out and set the skin on fire. Salves, washes nor other external applications do any real good, for as long as the poison remains in the blood it will keep the skin irritated.

BAD FORM OF TETTER.

"For three years I had Tetters on my hands, which caused them to swell twice their natural size. Part of the time the disease was in the form of running sores, very painful, and causing me much discomfort. Four doctors said the Tetters had progressed too far to be cured, and they could do nothing for me. It took only three bottles of S. S. S. and was completely cured. This was fifteen years ago, and I have never since seen any sign of my old trouble."—Mrs. L. B. JACKSON, 1414 McGee St., Kansas City, Mo.

S. S. S. neutralizes this acid poison, cools the blood and restores it to a healthy, natural state, and the rough, unhealthy skin becomes soft, smooth and clear.

SSS

To Cure a Cough

Stop coughing as it irritates the lungs, and gives them no chance to heal. Foley's Honey and Tar cures without causing a strain in throwing off the phlegm like common cough expectorants. Clark & Kenney.

"Sweet Bells Jangled Out of Tune and Harsh."

Shakespeare's description fits thousands of women. They are cross, despondent, sickly, nervous—a burden to themselves and their families. Their sweet dispositions are gone, and they, like the bells, seem sadly out of tune. But there is a remedy. They can use

McELREE'S Wine of Cardui

It brings health to the womanly organism, and health there means well-poised nerves, calmness, strength. It restores womanly vigor and power. It tones up the nerves which suffer from disease and distress. It is the most perfect remedy ever devised to restore weak women to perfect health, and to make them attractive.

For advice in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

REV. J. W. SMITH, Camden, S. C., says: "My wife used Wine of Cardui at home for falling of the womb and it entirely cured her."

The most soothing, healing and antiseptic application ever devised is DeWitt's Witch Hazel Salve. It relieves at once and cures piles, sores, eczema and skin diseases. Beware of imitations. W. T. Brooks.

Mrs. Frances L. Sales of Missouri Valley, Ia., writes: "I had severe kidney trouble for years, had tried five doctors without benefit, but three bottles of Foley's Kidney Cure cured me. Clark & Kenney."

Quality and not quantity makes DeWitt's Little Early Risers such valuable little liver pills. W. T. Brooks.

A. Prominent Lawyer.

I sought and tried many remedies, but was disappointed until I tried your Syrup Pepsin. I can cheerfully recommend it to any suffering from above complaints." G. S. Varden & Co.

Such little pills as DeWitt's Little Early Risers are very easily taken, and they are wonderfully effective in cleansing the liver and bowels. W. T. Brooks.

Save doctors' bills by giving Foley's Honey and Tar to infants and children in time to prevent pneumonia or croup, which are fatal to so many thousands of babies. Clark & Kenney.

When threatened by pneumonia or other lung trouble, prompt relief is necessary, as it is dangerous to delay. We would suggest that One Minute Cough Cure be taken as soon as indications of having taken cold are noticed. It cures quickly and its early use prevents consumption. W. T. Brooks.

Persons who suffer from indigestion can not expect to live long because they cannot eat the foods required to nourish the body and the products of the undigested foods they do eat poison the blood. It is important to cure indigestion as soon as possible, and the best method of doing this is to use the preparation known as Kodol Dyspepsia Cure. It digests what you eat and restores all of the digestive organs to perfect health. W. T. Brooks.

A Cup of Good Coffee

To get a really good cup of coffee you'll have to start back of the actual making; you'll have to look to the roasting and the grinding. In ARBUCKLES' you have a coffee that's scientifically roasted, and delivered to you with all the pores of the berry hermetically sealed. You're sure of a good cup of coffee because all the coffee flavor and aroma are kept intact until you want it. The fame of ARBUCKLES' induced other coffee packers to put out imitations of it. These imitations cost the grocer (and you) a cent a pound less than ARBUCKLES'. But don't be tempted to buy a package of some other coffee when you can get

Arbuckles' Roasted Coffee

for it is actually less expensive than the cheap kind; goes further—besides being better flavored, more satisfying.

You will find a list of useful articles in each package of Arbuckles' Coffee. A definite part of one of these articles becomes yours when you buy the coffee. The one you select from the list will be sent you on condition that you send to our Notion Department a certain number of signatures cut from the wrapper.

The Telegram Came.

Bingo—Has a telegram come for me? Mrs. Bingo—Have you been expecting one?

Bingo—Oh, no; of course not. (Sarcasically) You don't suppose I would ask you that question if I expected one, do you?

Mrs. Bingo (sweetly)—You might, dear. What would you say now if I should say that a telegram has come for you?

Bingo—Aha! I knew it. I've been expecting that telegram all the afternoon. (Impatiently) Where is it?

Mrs. Bingo—I'll get it. But, dear, I thought it best to open it. You didn't mind, did you, dearest?

Bingo—Certainly not. It's only a matter of business. From Jack Enslow, isn't it?

Mrs. Bingo—Yes, dear.

Bingo—Important meeting tonight. Says I must be there, doesn't he?

Mrs. Bingo—Yes, dear.

Bingo (rubbing his hands)—I knew it. Well, I'll have to rush off after dinner. Sorry for you, my dear, but you know, business must be attended to.

Mrs. Bingo—Oh, that's all right, darling. But don't you want to see the message?

Bingo—Why should I? You opened it like a good wife that you are, and of course I can trust you. Jack wants me (delightfully), that's all, and I must go.

Mrs. Bingo—But there was one thing more he said, my pet.

Bingo (suspiciously)—Oh, there was. Well, what was it?

Mrs. Bingo (all smiles)—He says he's got front row seats.—Pearson's.

The World's Largest Hopyards.

It is not generally known, but the largest hopyards in the world are in California, along the Sacramento, Russian and Feather rivers, and the very biggest hopfield on earth is at Pleasanton, in Alameda county, where there are 368 acres, with more than 445,000 vines under one wire.

As the picking must all be done by hand and within the short season when the blossoms are at their best, an army of people has to be suddenly mustered for the harvest. The mild climatic conditions that favor the development of the hop and the pleasant inland valleys where it is grown combine to make hop picking something of a summer time delight, for the work is neither difficult nor arduous, and the pay is fair.

There are but two drawbacks to hop picking. One is so called hop poisoning, which is simply a sort of prickly heat or rash sometimes produced by contact of face and arms with the nettlike fuzz on the stalks of the hop vine. It does not affect all pickers. The other is the dark staining of the hands resulting from the resin of the blossom. It may be removed by rubbing with the crushed green leaves of the hop.—San Francisco Chronicle.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.
